# Welcome to SimplyFix.org

- Simply Fix is a grassroots group of like-minded people who believe that small tasks = great change through volunteering time and effort to people in need.
- Our focus is fostering awareness of the needs of others, building a strong network of volunteers, funding projects and connecting the needs of people with solutions to their challenges.

## Our Story

- Simply Fix first started as a commitment to volunteering time and effort to our neighbors, friends, and family. Completing simple tasks that seemed insurmountable to others and only took a few minutes of our time to complete. We soon became the weekend warriors of various odd jobs, and we started to recruit more volunteers to help.

## Our Story

- We committed to set aside time during the weekends to complete some small tasks for someone in need that made a real difference in their lives. We quickly realized how powerful the act of doing is and how meaningful our actions were. We were able to create a great change in people's lives. We committed to starting a grassroots, not for profit organization that would connect the needs of others to our growing network of volunteers. We called it Simply Fix.

## Our Story

- Small tasks = great change in others' lives. Simply by changing light bulbs for your elderly neighbor; helping a single mom who needs her grass mowed; helping a neighborhood that needs a beautification weekend; assisting a friend who needs help painting a room in their home; hanging a fan; watching pets, providing a ride to the doctor's office; or setting up a computer; the list is endless. You get the point Simply Fix!

## How it works

- We provide a never-ending list of simple tasks from mowing a lawn to changing a light bulb for someone in need. These are examples of small tasks that may not be as easy for someone like the single mom, the disabled or a senior citizen.

## Where are we today?

- Currently, we are building our volunteer base reaching out to our friends and family. This year we plan to work with other nonprofit organizations to help develop our volunteer base as we extend our geography.
- We are currently working on some exciting projects as we get Simply Fix off the ground, coming soon we will have added several interactive features to our website and have created an app that will connect local volunteers with the needs of their Neighbors.

# Stats

- According to the CDC Each year, millions of older people—those 65 and older—fall. In fact, more than one out of four older people falls each year,<sup>1</sup> but less than half tell their doctor.<sup>2</sup>
